PROFESSIONAL EXPERIENCE

Senior Software Engineer   2016 - Present
BRAVEUP!

- Led the development and execution of the company's technology strategy, focusing on frontend development using JavaScript and the React.js framework.
- Actively involved in frontend development, writing clean and efficient code to create responsive and user-friendly interfaces.
- Provided technical leadership and guidance to the frontend development team, mentoring team members and promoting best practices.
- Collaborated with UX designers and product managers to translate design mockups into functional frontend interfaces, ensuring a seamless user experience.
- Oversaw frontend and backend development projects, managing timelines, resources, and cross-functional collaboration for successful delivery of frontend components.
- Collaborated closely with product managers, designers, and stakeholders to align frontend development efforts with business goals and user requirements.

Administration and Finance Officer   2018-2019
Qualitas of Life Foundation

- Ensure that the organization is operating within budget guidelines. Manage financial operations including preparing and maintaining monthly budgets, managing cash flow and draft content for grant proposals.
- Analyze and present financial reports in an accurate and timely manner; collate financial reporting material for all donor segments and oversee all financial, project/program and grants accounting. Designated audit liaison within the organization.
- Deliver human resources services including recruitment and new employee orientation, employee relations, benefits and payroll administration, record keeping and reporting.
- Provide formal input into the development of strategic fundraising plans.
- Support the fundraising pipeline management as needed.
- Support donor acquisition and retention strategies. Development of relationships with prospective donors.
